

February 2026

Welcome to the website dedicated to classified staff collective bargaining between the Oregon Public Universities (Universities) and SEIU Local 503 (Union).

This website is maintained by the Universities' Bargaining Team to provide timely, accurate, and accessible information about the collective bargaining process. Our goal is to keep classified staff and other interested parties informed about the issues under discussion during negotiations.

The website will be updated throughout bargaining and may include summaries of proposals exchanged at the table, copies of proposals, negotiation updates, and responses to frequently asked questions. We encourage you to visit the site regularly and to look for email notifications when new information is posted.

We are committed to sharing information in a transparent and factual manner. If you believe that any information posted on the website is inaccurate or incomplete, please contact info@usse-oregon.org, and we will review the matter and make corrections where appropriate.

We recognize that the content on this website reflects the perspective of the Universities' Bargaining Team and that the Union or individual employees may hold different views regarding the matters discussed. The purpose of this site is to provide one source of information to help promote understanding of the bargaining process.

Thank you for your interest in the negotiations and we hope this website serves as a useful resource as bargaining moves forward.

Brian A. Caufield, Chief Spokesperson
Haaven Carlson, Eastern Oregon University
Sandi Hanan, Oregon Tech
Scott Southard, Oregon State University
Terrill Bartee, Portland State University
Alana Lardizabal, Southern Oregon University
